Terrain: Undulating open golf course & parkland covering most of the area. Woodland to the south west & isolated pockets elsewhere. A number of controls are in easy locations to allow night novices a good chance.

Coaching: People who are new to night orienteering are very welcome to come to this event. The mostly open terrain means that a reasonable number of controls are relatively easy and ideal for the night novice. If you would like some help to get you started please feel free to ask one of the people helping with the running of the event.

Map: 1:10000 with overprinted courses on waterproof paper or bagged. **Minor updates to the map have been made, particularly to the golf course area.**

Apres-O: The Lodge at the golfing centre on site. No need to drive off to a pub. **They do not usually open in the evening and are doing so specially for us.** Please support them, by either ordering food on the night or staying for a quick drink in the bar. See www.lullingstonegolfcourse.co.uk
