You can choose which to do first and when to change over. Control 111 must be visited when changing from one map to the other (and no changing back!). It is clearly shown on both maps.

Bonuses One map has 3 of the controls linked by lines, making a loop. Start where and when you like. Visiting these controls consecutively, clockwise or anti-clockwise, merits 2 bonus points.

The other map has 3 loops, same principle as above. These loops may be done in any order.
