

Results of Summer Series – Perry Wood 26 July 2014

Planners Comments

On a beautiful summers day the second Saturday event in the summer series attracted a good number of runners from near and afar, with 27 choosing the green course and 6 opting for the yellow course. The paths were in some places somewhat overgrown and almost indistinct making navigation challenging for the less experienced and catching some of the more experienced out. Probably owing to the start of the school holidays the number of juniors was down on what was expected. Well done to the Copper, Milward-Bose and Downs families coming along and completing the course. I know you enjoyed yourselves and hopefully will come along to future events. Congratulations to Austin for coming first in fast time of just under 30 minutes. The green course was fairly challenging and as mentioned the vegetation caught out the unwary. Well done to Brendon for coming first, and to Chris Hooker who ran it a second time as practice for the Lakes event, giving him the opportunity to test out different route choices and comparing the outcome. Well done also to Nick Gallavin who came third despite spraining his ankle.

Green Course - 4.1km
