

## Trosley Country Park – 2<sup>nd</sup> September

Thank you for being patient queuing to enter. There were some issues with the new Saxons laptops input / output device (ie. the user). Jerry's umbrella helped a bit, but, err, if anyone found it after the event please let me know.

I was very pleased with the turnout (49 competitors and including 19 non club members).

The newcomers on the 45 minute score course all did great, anything 5 controls on a first event is very respectable, and above 10 is really good.

The 'extreme climb' format on 60 minute course was something different to previous formats at Trosley. I wasn't sure if anyone would do 1000 ft in the race, but at least 2 did. Here's the total climbs I know about:

Sarah - 666 ft

Beryl - 788 ft

Alan - 1071 ft

Brendon - 1161 ft

The orienteering season starts properly this month with Saturday Kent Orienteering League events (great for families and all ages), Thursday night Kent Night Cup events (streets, parks or forests, with pub food afterwards if you want) and Sunday events (also for everyone). They're all listed on the Saxons and British Orienteering websites.

Thanks to all Saxons members who helped out, often without asking, you're a great bunch.
